

Heating Assistance Programs

The amount of assistance varies depending on household income and the type of heat the household uses. It doesn't matter whether you rent or own your home, nor does it matter whether you pay your utility bill directly or whether your energy use is included in your rent, you may still qualify. If you would like information on how and where to apply for the Low Income Home Energy Assistance Program (LIHEAP) and/or other services that may be available to you, call your local community action agency. A listing of community action agencies, senior services centers and the Rhode Island Good Neighbor Energy Fund follows:
